

#### California Transportation Commission

# AMENDMENT OF THE ADOPTED FISCAL YEAR 2011-12 ENVIRONMENTAL ENHANCEMENT AND MITIGATION PROGRAM

#### Resolution G-12-12, amending Resolution G-12-04

- 1.1 WHEREAS, Streets and Highways Code Section 164.56 establishes the Environmental Enhancement and Mitigation (EEM) Program; and
- 1.2 WHEREAS, this program provides \$10 million annually for environmental enhancement and mitigation projects which are directly or indirectly related to the environmental impact of modifying existing transportation facilities or for the design, construction or expansion of new transportation facilities; and
- 1.3 WHEREAS, the Resources Agency is charged with evaluating proposals submitted for this program and providing a list of proposals recommended for funding to the Commission; and
- 1.4 WHEREAS, the Commission is responsible for awarding grants to fund proposals which are included on the list prepared by the Natural Resources Agency; and
- 1.5 WHEREAS, on February 23, 2012, the Commission adopted Resolution G-12-02, approving the final Fiscal Year (FY) 2011-12 EEM Projects Recommended for Funding list totaling \$9,928,578 for thirty-two projects; and
- 1.6 WHEREAS, on February 24, 2012, the Department notified the Commission that one of the agencies approved for funding, the American River Conservancy, received more funding than they originally expected from other sources for their Brush Creek Ranch project, and reduced their request for EEM funds accordingly, from \$350,000 to \$105,200; and
- 1.7 WHEREAS, on March 28, 2012, the Commission adopted Resolution G-12-04, amending the FY 2011-12 EEM Projects Recommended for Funding list, reducing the programming for the thirty-two projects by \$244,800 down to \$9,683,778; and
- 1.8 WHEREAS, in June 2012, the Department notified the Commission that the Natural Resources Agency had selected the City of Rocklin's Sierra College Boulevard/I-80 Interchange project, from the FY 2010-11 EEM Program Substitution List, to be programmed in the FY 2011-12 EEM Projects Recommended for Funding list for \$245,000 and receive funding from the \$316,222 unallocated balance available from the FY 2011-12 EEM Program; and

Reference No.: 4.6

Resolution G-12-12, amending Resolution G-12-04

Page 2 of 2

- 1.9 WHEREAS, the amended FY 2011-12 Recommended for Funding list, including supplemental information, has been reviewed by Commission staff, and appears to meet all basic requirements as specified in the EEM statutes, and the Commission policies and guidelines.
- 2.1 NOW THEREFORE BE IT RESOLVED, that the Commission adopts the amended list for the Fiscal Year (FY) 2011-12 Environmental Enhancement and Mitigation Program totaling \$9,928,778 for thirty-three projects, as indicated in the attached revised list of projects, including the addition of \$245,000 for the City of Rocklin's Sierra College Boulevard/I-80 Interchange project, leaving a balance of \$71,222 for future allocations; and
- 2.2 BE IT FURTHER RESOLVED, that it is the intent of the Commission to allocate available Fiscal Year 2011-12 funds for these projects, and expects that funds so allocated should be expended on a timely basis, preferably by June 30, 2013; and
- 2.3 BE IT FURTHER RESOLVED, that for projects which include land acquisition, the Commission would encourage grant recipients to reduce overall project costs by exploring the feasibility of acquiring easements rather than fee title when appropriate; and
- 2.4 BE IT FURTHER RESOLVED, that due to the uniqueness of the individual projects in this program, the Commission hereby directs the Department of Transportation to be especially diligent in the on-site inspection and auditing of the projects included in this program.
